

# Feed The Monkey

Chris Grey & The BlueSpand

Working all day just to feed the monkey  
Meanwhile we play the funk  
Trying so hard just to find a reason  
Is your head in the trunk?  
Working all day just to feed the monkey  
Meanwhile we play the funk  
Trying so hard just to find a reason  
Is your head in the trunk?

7 long years - - I've been working all nigh'n'day  
Somewhere in between the chain fell off  
and man I know I gotta stay  
Been working like horse - - and smelling like a cow  
Could this be different? Show me how!

Working all day just to feed the monkey  
Meanwhile we play the funk  
Trying so hard just to find a reason  
Is your head in the trunk?  
Working all day just to feed the monkey  
Meanwhile we play the funk  
Trying so hard just to find a reason  
Is your head in the trunk?

I went to the doctor - - to prescribe me a new would  
I can't help being this self masochistic girl  
My body ain't working - - I guess we know that now  
Could this be different? Baby Show me how yeah!
