

Wife eye

Chris Grey & The BlueSpand

Wife eye - Is watching you
Wife eye - Nothing you can do
Wife eye - Even in the loo
Wife eye

Every time you think you're out on your own - She's on patrol
Every wish - Every buy - Every move - Every try
She's on your back - She is in control

No matter where you go - She is in your head - Fooling with your brain
In your blood - feeds your greed - Pushing you - Know what you need
She's on your back - She is in control

Wife eye - Is watching you
Wife eye - Nothing you can do
Wife eye - Even in the loo
Wife eye

She's in your Phone in your Brain - In your Bones- in your Veins
She's like a big eye in the sky
She could be working for F.B.I
